To Whom It May Concern

RE: MINI MELTS ALBERTA

In March 2008, Calaway Park began a four year agreement with Mini Melts. We have now finished our first season and are very pleased with the service provided to us by Mini Melts.

The product itself is excellent. Not only does it taste great, but it is also quick and easy to serve. Very little labour is required to run a Mini Melts outlet which is critical for us when looking at products to serve here. Because it is unique, it is very popular with our guests. We sell more Mini Melts product than we do hard or soft ice cream.

Mini Melts has met and exceeded our expectations in all areas of service. The ordering process is simple. We usually e-mail our inventory levels and Mini Melts helps us manage our stock by delivering what we need to take us through until our next delivery. They always have the required product available for us and we never ran out of product this season. When delivering product, they assisted our warehouse staff with filling the freezers. They also provided feedback to us regularly on ways we could improve our management of stock and increase sales. Our sales of this product increased substantially in 2008, after switching to Mini Melts.

It is a pleasure to write this letter for Mini Melts. We certainly value the working relationship we have with them and would recommend them to any business.

Sincerely,
