Mr. John Kalfayan
National Sales Manager
2376 Culloden Cove
Memphis, Tennessee 38119

Dear John:

I wanted to express how pleased we are with our current Minimelts program at our 4 city Zoo's and the New York Aquarium. As you know we have been selling your product at our parks since the fall of 2005 and are very pleased with the product, equipment and overall support that we have received. It has allowed us to grow the program into all 5 facilities over the past year with great success.

The Wildlife Conservation Society is extremely satisfied with its relationship with Mini Melts and looks forward to continued growth in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Niko Radjenovic", with a long horizontal flourish extending to the right.

Niko Radjenovic
Director of Restaurant Services
